## Vacancy: Regulatory & Scientific Manager

Experience: 3 years minimum

Location: Brussels

### About Specialised Nutrition Europe (SNE)

Specialised Nutrition Europe (SNE) is the voice of the specialised nutrition industry in Europe. We aim to enhance the quality of life of people of all ages with specific nutritional needs through the provision of safe, innovative and suitable specialised nutrition products. People with specific nutritional needs include infants and young children, people with medical conditions, disorders and diseases comprising inter alia coeliac disease, sports people and those managing their weight. With member associations in 19 European countries, a Brussels-based team and a wide network of top-notch industry experts, SNE interacts with stakeholders and decision-makers across Europe and beyond.

### Position

The Regulatory & Scientific Manager will:

- focus primarily on foods for infants and young children and related topics and discussions;
- have a solid background and interest in food and nutrition;
- monitor and report on relevant regulatory developments;
- drive and coordinate several SNE working groups;
- collect input and expertise from the SNE membership;
- draft position papers, consultation responses and other resources;
- advise on advocacy approaches and contribute to implementing SNE's overall strategy;
- liaise with relevant actors from the EU institutions including the European Commission;
- provide some administrative support (for example organizing meetings).

### Profile

- Completed higher education in a relevant field (dietitian, nutritionist, food technology or food law graduate or similar), ideally complemented by some expertise in regulatory and/ or public affairs.
- Previous work experience of probably 3-5 years, most likely related to food/ nutrition, and ideally with an international dimension and a regulatory or public affairs component.
- Strong drafting skills and an excellent command of English; other languages are a plus;
- Excellent interpersonal skills and the ability to engage with a variety of external stakeholders;
- Capacity to quickly understand technical content and relay it to different target groups;
- Keen interest in nutrition and health policies as well as European affairs;
- Independent work style, service-minded, ability to multi-task and attention to detail;
- Advanced end user IT skills.

### Offer

- Opportunity to work in a respected European trade association in a highly dynamic and multicultural environment;
- A varied role with the opportunity to take on more responsibility over time;
- An attractive early career salary commensurate with the qualifications and skills of the successful candidate, plus a range of benefits.
- Position based in Brussels with the option for some home working.

### Application

Candidates are invited to submit their CV and motivation letter to [b.spath@specialisednutritioneurope.eu](mailto:b.spath@specialisednutritioneurope.eu) with the title "Application + your name". Applications sent only via LinkedIn will not be taken into account. Deadline: 25 October 2023
